IT'S WHAT MAKES OUR RADIOLOGY SERVICE SO EXCEPTIONAL

**EXCEPTIONAL EQUINE RADIOLOGY**

A VET•CT Clinical Support Service

Clinical Support Services

**We understand equine practice is often tough, stressful and demanding. Our exceptional team of equine expert radiologists can change that. With their highly extensive, diverse clinical experience and their remarkable attention to detail, the reports they write will give you the diagnostic confidence you need to make the best recommendations for your patients. Our radiology service will provide you with valuable learning opportunities alongside unrivalled clinical and legal reassurance. Our team are based all around the world, to provide a world-class collaborative radiology service without any outsourcing and exceptional 24/7 customer service. With our help you can enjoy the best part of this profession – great patient outcomes. So why not join us and regain the joy this profession has to offer? Thousands have.**

## **GETTING STARTED**

Should you have any questions or wish to begin accessing our service please email us at: [sales@vet-ct.com](mailto:sales@vet-ct.com)

## **CLINICAL CONTEXT AND DISCUSSION PROVIDED – AS APPROPRIATE**

Our service, unlike some others, allows you to message and interact with the reporting radiologist. Our team of international diagnostic imaging specialists have extensive experience across a wide range of equestrian sports, so our reports include accurate descriptions, annotations, clinical comments and conclusions relevant to the type of work the horse does.

## **OUR EQUINE-FRIENDLY SERVICE**

- CT, X-ray, MRI and Scintigraphy results clinically warranted to be over 99% accurate.
- 24 hour reporting guaranteed – for routine enquiries.
- 48 hour reporting for PPEs. These reports are based on TWO specialist opinions. Their comment and conclusions will relate to the intended use of the horse. This report can be attached as an addendum to your PPE certificate for legal security and to patient records for clinical reassurance.
- We are experienced with and happy to provide support and advice for high value horses or for contentious or legal cases.
