

# Your Trusted Radiology Partner

Gain clinically relevant insights for diagnostic imaging cases with detailed, high-quality, annotated reports you can trust.

Family-owned by radiologists since 2009, our board-certified radiologists offer expert interpretations to help you improve patient health and maximise your investment in advanced imaging technology.

Sample report

## WHY CHOOSE VET.CT?

### Expert Interpretations [CT, MRI and Radiographs]

No in-house expert? We have you covered with over 150 Board-Certified radiologists on hand

### Detailed, trusted, annotated radiology reports

Highlighting the area(s) of concern with clinically relevant differentials and comments

### Communicate directly with a radiologist

Ask as many questions as needed

### Clinical warranty on every case

Accuracy you can rely on

### Easy to use

Accessible on desktop or app

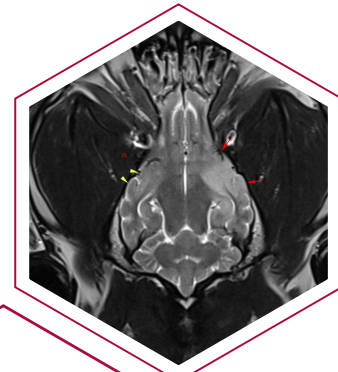

### Reduce stress with our 24/7 live support

Clinically trained case managers available

### Try us

Pay per case, no contracts or sign up fees

"The quality of reports is **AMAZING!**"

Dr Bryan Nicolay  
Easipetcare

Our service is compatible with all imaging software, there are no contracts or minimums required and we're available anytime day or night.
